Mykos Wettable Powder 15 lbs

Manufacturer: Xtreme Gardening

Xtreme Gardening Mykos Wettable Powder 15 lbs (RT2204) Mykos Wettable Powder is refined to provide an effective inoculant that may be injected through a sprayer, applied in hydroponic reservoirs, and used as a seed or cloning treatment. It is a fast-growing, beneficial fungi that connects many of the beneficial microbes in soil and hydroponic media to host plants. This symbiotic relationship increases the supply of nutrients to plants, increasing the availability of both moisture and most of the fundamental elements required for plant growth. Greater nutrient availability leads to a bounty of healthier bigger plants and bumper crops. Benefits:

Faster Germination

Inoculation of All New Roots

Increases Growth

Healthier Root Development

Larger Yields

More Nutrient-Dense Harvests

Solubility
