Net Planter 6" Square x 7" Tall (Emily's)

Model: eco-6029

Net Planter 6" Square x 7" Tall (Emily's)

Manufacturer: HydroFarm

Score a hole in one -- or many holes -- with the Hydrofarm net planter. Holes in a planter or container may seem counterintuitive, but true hydroponics aficionados know that you've got to set your roots free. The holes in the bottom of these planters promote healthy roots with even drainage. Letting the roots grow their own way, right down through the planter, allows for bigger, healthier roots. These pots work with any kind of media -- hydroponics or soil-based. They're also easier to clean, since water runs right through the holes.

Check out our full collection of these net planters, cups, net pots, bucket baskets, and other containers to round out your garden supplies.
