Netafim Disc Filter 1 in MPT x MPT 140 Mesh 26 GPM Maximum Flow (SPECIAL ORDER)

Model: 747506

Netafim Disc Filter 1 in MPT x MPT 140 Mesh 26 GPM Maximum Flow (SPECIAL ORDER)

Manufacturer: -

Disc Filter technology has grooves in the disc rings criss-cross to form a network that traps debris between and on the outside of the discs. As dirty water is pumped into the filter, and pressure increases, the water compresses the disc rings together tightly. The water is then forced to flow through the grooves of the disc rings, where debris is trapped, releasing only clean water to the irrigation system.
