Oasis Hobby Hydro Rootcubes Case of 6 - 2 packs of 276 Cell Sheets (Special Order)

Model: hf-GMSO5231RP

Oasis Hobby Hydro Rootcubes Case of 6 - 2 packs of 276 Cell Sheets (Special Order)

Manufacturer: -

Oasis Horticultures Growing Media is a low density, high drainage foam with characteristics specifically developed for hydroponic seed germination and vegetative propagation of vegetables, herbs, flowers and foliage crops. These characteristics allow for an optimal balance of oxygen and water, even when saturated with water. Retail pack configuration is perfect for hobby growers who do not need full case quantities.
