Model: hf-GMSO46013

Oasis Turbo Wedge Kit 1"x1" Strips (Case of 8) (Special Order)

Manufacturer: Smithers-Oasis

Oasis® Origins Turbo-Wedge Kit for Clones offers the same reliable performance trusted by professional growers for generations. The wedge shape of the growing media is proven to promote fibrous root development in clones while the single cell design keeps roots separated to reduce transplant shock. This kit comes with a unique divided carrier tray that allows for spacing adjustments as plants grow. Easily manage 1 to 6 strips at any stage of growing. Best of all, Oasis® Origins is completely inert, meaning it adopts your ideal pH easily to promote nutrient uptake.
