Manufacturer: FoxFarm

FoxFarm Ocean Forest, 12 qt (FX14053) Ocean Forest® Potting Soil brings Good Things From the Earth and Sea!

It's the ultimate potting soil—everything your plants need, in one bag. Ocean Forest® is a powerhouse blend of premium earthworm castings, bat guano, and sea-going fish and crab meal. Composted forest humus, sandy loam, and sphagnum peat moss give Ocean Forest® its light, aerated texture. Start with Ocean Forest® and watch your plants come alive!

Perfect for containers and ready to use right out of the bag. Ocean Forest® is pH adjusted at 6.3 to 6.8 to allow for optimum fertilizer uptake. There's no need for nitrogen fertilizers at first; instead try an organic blend like FoxFarm Big Bloom® Liquid Plant Food to encourage strong branching and a sturdy, healthy growth habit. Due to state restrictions, we are unable to ship this product to the following locations: Canada, Florida, Indiana, Missouri, South Dakota
