Olivia's Cloning Starter Kit

Model: hf-OCSK3

Olivia's Cloning Starter Kit

Manufacturer: Olivia's Solutions

Olivia's Solution Olivia's Cloning Starter Kit (OCSK3) Olivia's Cloning Starter Kit™ is what every grower needs to begin cloning their favorite plant off to the right start.

The Starter-Kit contains 3 items: • One 16oz. bottle of Olivia's Cloning Solution concentrate (makes 4 gallons) • One 2oz/60ml bottle of Olivia's Cloning Gel• One tri-fold pamphlet with complete instructions, tips and drawings on how to clone/propagate your favorite plant

It's what every successful gardener needs to know. All the essentials that you need for your clones/cuttings are in one easy to use box. The liquid cloning solution and gel can be used with any hydroponic or soil application - any type of cloning system. Why buy cuttings when you can clone your own! Trust the leader in cloning for over 25 years...Olivia's Solutions Inc.!

Note: small black particles will appear in the formula and color will change to a darker almost black color over time - this is normal. Shake the bottle well before using. Bottle may bulge/expand at bottom - this is normal - open cap to relieve pressure.
