Ona Pro Gel for Breeze (Pail)

Manufacturer: odor neutralizing agent (ona)

Ona Products Ona Pro Gel for Breeze (Pail) (ON10060) ONA PRO is new and exciting! These are products for professionals and are now available for you. The first product in this series is ONA PRO Gel. As we constantly strive to improve our Odor Neutralizing products, we have developed a formulation that takes odor control to a new level

ONA PRO Gel is as close to odorless as we have ever come. Although it has a slight scent when sniffed in the container, the final result when working on powerful, noxious odors is simply a clean, fresh smell - period.

It leaves nothing behind to indicate that any odors were present. ONA PRO Gel is the best we've ever done, and it is all you will ever need. No scrubbers, no filters, nothing - just ONA PRO.

We are so confident in our product that we offer a MONEY BACK GUARANTEE if you are not satisfied with the results. We have tested ONA PRO in the most odorous conditions and have found that it performs remarkably every time.
