Open Sesame, 1 lb.

Model: hf-FX14026

Open Sesame, 1 lb.

Manufacturer: FoxFarm

FoxFarm Open Sesame, 1 lb. (FX14026) Open Sesame® is our Early Flowering Formula: a high-phosphorus soluble fertilizer that's designed to bring plants into bloom at your command. Just say the magic words! Open Sesame® provides the optimal level of nutrition with minimal salts and other residue buildups.

Whether you're growing in hydroponic systems, containers, or gardening in ordinary soil, Open Sesame® will go right to work at the root zone and deliver targeted nutrients when the plants need them the most.

Feed with Open Sesame® at every other watering, starting at about the fifth or sixth week of a plant's life. It takes just a few weeks of Open Sesame® to get stocky, sturdy, compact, high-producing plants and buds that are ready to burst.

For optimum results, start indoor plants in our Light Warrior® Agro-Ponic® Grow Medium, or use our premium Ocean Forest® Potting Soil for container plants. Once buds have formed, switch to Beastie Bloomz®.
