Open Wind Double Ended Lamp Reflector

Model: dl-129801

Open Wind Double Ended Lamp Reflector

Manufacturer: -

Introducing the economical GRO1 Wing DE™ double ended reflector. Built with the same high-quality German aluminum as our Lil' Hood™ & Triple X2™, this durable, light-weight lamp offers the benefits of cutting-edge DE technology at a GRO1™ price. GRO1 Wing DE™ uses efficient DE bulbs, offering increased light spectrum, improved lumen maintenance and accelerated warm up times.

- Pre-mounted double ended sockets included
- For use with 1000W and 600W HPS double ended lamps.
- High quality German aluminum hammertone reflective material
- Economical, Lightweight, and Durable
- Solid construction with powder coated hanging plate
- Pre-wired 15' cord with Standard ballast plug to work with most popular brand ballasts.

18.5" X 14" X 6"

Price: \$49.82
