Organic Laboratories Gusher 0-0-26, 1 qt

Manufacturer: Organic Laboratories

GUSHER® 0-0-26 boosts plant aromatic oils. Its unique source of Phosphorus reacted with soluble silica results in a nutrient dense plant food that is absorbed in far greater amounts than traditional phosphorus. High silica content forms strong foundations for anchoring prolific trichome growth.

- Promotes Densely Packed Fruits Heavily Laden with Aromatic Oils
- Quickly Sends Nutrients to Where They are Needed
- Forms Strong Foundations for Supporting Dense Growth of Trichomes
