PARsource Commercial Double-Ended Enclosed Reflector

Model: hf-PHRS010

PARsource Commercial Double-Ended Enclosed Reflector

Manufacturer: -

DE1000Zh Reflector: Hydrofarm engaged a renowned American lighting engineer to design the most efficient DE enclosed type reflector on the market. This reflector delivers focused light and effectively dissipates heat while operating the DE bulb at ideal temperatures for maximum light output and lamp life.

Double-ended system delivers higher PAR value with incredible uniformity

Enclosed design for maximum focused light output, optimum heat management, and longer lamp life

Highly efficient in overlapping multi-light configurations

Premium aluminum European hammertone interior: 99.85% pure, 95% reflectivity

European-made VS K12 x 30s high temperature lamp holders

Please note that for remote usage, a lamp extension cord is required. Hydrofarm offers 5 foot (CSXCOR5), 15 foot (CSXCOR) and 25 foot (CSXCOR25) options.

Price: \$89.34
