Plant Markers, pack of 50

Manufacturer: HydroFarm

Hydrofarm Plant Markers (HGPM50) Never mix up your poinsettias and your purple irises again. Our versatile 6" plant markers help point your way in a garden filled with different kinds of plants and vegetables. You can even use them to track your planting progress -- marking when you added certain seedlings and cutting next to older plants. They're also reusable, write on them with a pencil and then erase and reuse. Each packet contains 50 markers.
