PLANT MARVEL 5LB BLOSSOM BURST PLUS

Model: 720020

PLANT MARVEL 5LB BLOSSOM BURST PLUS

Manufacturer: Plant Marvel

Plant Marvel Blossom Burst

This highly soluble formulation provides potassium for cell strength and rigidity while providing phosphorus to support plant health and root encouragement. Blossom Burst Plus 0 - 50 - 30 will generally be used at the end of a plants growth cycle and will deliver explosive flowering. In addition, Blossom Burst Plus adds trace elements for a complete nutrient feed. It is quickly absorbed by plant tissue, adding strength to the plant while building its defense against disease and temperature tolerance.
