PLANT!T Big Float Auto Top-up Kit

Model: hf-GMBF

PLANT!T Big Float Auto Top-up Kit

Manufacturer: HydroFarm

Hydrofarm PLANT!T Big Float Auto Top-up Kit (GMBF)The PLANT!T BigFloat Auto Top-Up kit lets you connect a secondary header tank to your existing reservoirs - then, using gravity and a low-pressure float valve, it automatically tops up and maintains nutrient levels in your system. Spend less time filling and inspecting your tanks, and protect your plants from drying out if your reservoir runs low. No pump required.The kit contains everything you need - simply attach to the header tank of your choice up to 400L (sold separately).

PLANT!T BigFloat Top-Up Kit benefits:

Automatically tops up your system reservoir

Ideal for low pressure gravity fed systems

Ideal for remote systems and allotments. No power needed

Includes

1 - 2 meters 13mm flexible pipe
1 - 13mm barbed tee
1 - 13mm nut & tail with 3/4" BSP
1 - 13mm poly to hose connector
1 - Grey low pressure float valve
