PLANT!T Coco Coir Chip Brick, set of 3

Model: hf-JSCCB

PLANT!T Coco Coir Chip Brick, set of 3

Manufacturer: HydroFarm

PLANT!T PLANT!T Coco Coir Chip Brick, set of 3 (JSCCB) Give your plants a sturdy growing structure with Plant!t's CoCo Coir Bricks. Now available at Hydrofarm, CoCo Coir Bricks support your plants all year long. The bricks, available in a mix or chip format, do double duty: They retain water, making sure plants never go thirsty, but due to their texture, they also offer excellent drainage properties. Plants are no longer at risk of "drowning" in too-packed or over-watered soil. Instead, Plant!t's ideal consistency gives them room to breathe and for roots to grow freely, capturing that essential air-to-water ratio for your biggest growth yet. Implement this pathogen-free media to your potting soil or in place of bark as an attractive and all-natural ground cover.

Features

Protects plants all year long

Free from pathogens and seeds

Alternative to peat moss

Optimal air to water ratio

Excellent drainage properties

Suitable to add potting soil or use in place of bark as both a decorative ground cover or to grow orchids and other tropical flowers

Ideal for organic growers!
