PLANTERS PRIDE 50 PELLET GREENHOUSE KIT

Manufacturer: Planters' Pride

Planters' Pride® Greenhouse Kits

These all-purpose kits include pellets, tray and greenhouse dome
Fiber grow pellets are dried and compressed in a fine mesh netting

These pellets are 100% biodegradable

Fiber Grow is made from coir, a highly renewable resource. They offer all the benefits of peat without the harmful effects on the environment. In addition, coir has the capacity to absorb more water and retain it for longer periods than peat products. The mesh liner on Fiber Grow pellets is also made from natural ingredients, allowing it to break down into the soil unlike other comparable growing pellets.
