

PM Wash, 1 qt

Model: hf-OG2100

PM Wash, 1 qt

Manufacturer: NPK Industries

PM Wash works well for cleaning plants that are subject to humid environments. PM Wash is a non-toxic Plant Wash that leaves your plants vibrant and healthy. PM Wash can be used throughout your plants growing and flowering cycle, up to and including the day of harvest. PM Wash works especially well for washing your plants while harvesting. PM Wash is truly the cleanest solution for your garden.
