Pro Plus HPS 1000W Double-Ended

Manufacturer: USHIO

USHIO introduces the NEW Double-Ended 1000W Super High Pressure Sodium Double Ended Pro-Plus lamp to its Hi-LUX GRO lamp series. The Hi-LUX GRO series is a full line of professional grade horticulture lamps that use super high output lamp technology to achieve maximum vegetative growth and maximum flower yield. The lamps are designed to assure consistency in quality and optimized for high performance.

US5002442 - AHS-DE1000W/Pro-Plus = 2100 micromol/s

Product Features:• Made in Germany and engineered in a ISO9001 certified facility• High red and blue spectral ratios for good photosynthesis efficiency• Great lumen output for high PAR values (1950 and 2100 micromol/s)• Robust plants through high blue light output• High red light ratio for healthy plant growth• Economic (long average life, high lumen output, low energy consumption)• Tubular low profile design for compact fixtures

Price: \$96.80
