

Probe pH Electrode

Model: hf-ND1100053

Probe pH Electrode

Manufacturer: FHD (Future Harvest Development)

Nutradip (Tri Meter) Probe pH Electrode (ND1100053) Nutradip pH Probes are a reliable way to measure acidity in your nutrient solution.

This probe is a continuous monitoring pH meter with automatic temperature compensation, with DC power built in for portability. Nutradip probes are engineered for accuracy and durability, helping growers measure and monitor their success for over 15 years.

Features

High quality BNC connector

Durable blue epoxy body

Protective shipping & storage cap

Accuracy ± 0.1 pH unit

Nutradip pH probes are made for all types of growing applications:

Hydroponics

Horticulture

Agriculture

Floriculture

Aquaculture

Manufacturer's Product Information

MSRP each \$65.95

UPC5060240030217

Dimensions 3.46 x 4.21 x 7.68

Case Quantity 1

Price: \$45.52
