Pura Vida Grow 10L

Model: hf-TFPVG10L

Pura Vida Grow 10L

Manufacturer: Technaflora

Technaflora Pura Vida Grow 10L (TFPVG10L) Pura Vida™ Grow & Bloom are unique organic fertilizers that provide plants with both a balanced and available nutrient supply in a pure natural form. These additives are suitable for use in hydroponic, soil, and soilless-based gardening mediums without the fear of irrigation line clogging and without the nasty smells associated with other brands.

Formulated from various plant materials and subjected to a fermentation process, Pura Vida Grow & Bloom contain sufficient nitrogen, phosphorous, and potassium, along with essential micro nutrients, to sustain rapid, aggressive growth during the vegetative stage and to produce abundant fragrant flowers and mature fruits during the flowering/fruitlet stages.

Pura Vida Grow specifically targets the vegetative growth phase, rapidly creating lush green foliage, while Pura Vida Bloom is formulated to promote and maximize the flowering and fruiting performance of plants during the reproductive stage.

Powerful on their own, Pura Vida Grow & Bloom are each ideal as a ONE-PART fertilizer for general use. When combined, Pura Vida Grow & Bloom create an aggressive TWO-PART formulation suitable for high demand crop production systems.

Benefits and Features:

Substantial N-P-K

Total micro nutrient complex

Rapid green foliage

Heavy blossoms and fruits

Nose friendly

Vegan, no animal bi-products

No irrigation line clogging

Pure results

Pura Vida Grow & Bloom are available in 1L, 4L, 10L, and 20L package sizes.
