Pure Essentials ZYM 500ml

Model: PEZY500

Pure Essentials ZYM 500ml

Manufacturer: C.A.P. Custom Automated Products

ZYM

Enzymes are an essential component in any healthy root system. Pure Essentials Black Label ZYM™ has been engineered from more than ten different types of enzymes complemented with an array of vitamins and exotic plant extracts. The result is a dramatic acceleration of the crucial processes relating to the breakdown and cycling of dead and decaying root matter so that harmful pathogenic organisms are less likely to take hold.
