Radiant Reflector - Air Coolable

Model: hf-RDUN

Radiant Reflector - Air Coolable

Manufacturer: HydroFarm

Radiant Reflector Unit

The Radiant's generous reflective interior is designed to deliver the brightest possible light down to your plants, while its patented double-wall design makes it the coolest running fixture on the market. Its heavy duty pre-galvanized steel construction is lined with high purity European aluminum for years of dependable growing performance.

Super efficient with both 1000W sodium and halide

Built-in cord set

Integrated hangers

Patented cool running double wall design

Patent pending open roof design helps direct heat away from the plant canopy

Designed exclusively for Hydrofarm by America's foremost lighting design engineers

World's finest European reflective specular aluminum: 99.85% pure with 95% reflectivity

Instructions and lighting recommendations included

Accepts: Sodium 250W, 400W, 430W, 600W, 750W, 1000W - Halide 250W, 400W, 600W, 1000W

Price: \$88.97
