RainCity Aeroponics 24-Site Cloning System

Model: eco-4680

RainCity Aeroponics 24-Site Cloning System

Manufacturer: -

RainCity Aeroponic Systems

RainCity Aeroponics "BabyMaker" 24 site Cloning

System - This Cloning system produces excellent results using
Micro Sprinklers for maximum aeration and nutrient delivery.

The system includes 3" net pots which allow for cuttings to grow
larger and fuller and can be transplanted to our RainMaker 5 or 8
site Aeroponic system or to other Hydroponic or Aeroponic grow
systems. Includes 24 - 3" neoprene inserts and manifold. Pump
sold separately. Recommended with the ActiveAqua 250 GPH
submersible pump. Unit size - 29"L x 20"W x 15"H

MSRP: \$229.95

Price: \$183.96
