Raptor Reflector 6" AC Unit

Model: eco-4491

Raptor Reflector 6" AC Unit

Manufacturer: HydroFarm

Raptor Ref. 6" AC Unit

It has finally arrived! The new Raptor 6" mega reflector was designed with our customers' needs in mind. It features a low profile design for optimum light uniformity, aerodynamic socket to streamline the airflow across the lamp and full four-sided 95% reflective specular interior.

You wanted big, broad, bright light coverage... our engineers built it all into our newest Raptor addition, the Raptor 6"!

- 95% reflective four-sided hammertone interior offers excellent reflectivity and diffusion
- Stronger and more durable - multi-point reinforced construction with pre-galvanized steel and corrosion proof electro coat white paint
- Completely sealed with gasketed tempered glass
- Maximum air cooling with built-in 6" flanges and aerodynamic junction box. Integrated socket & 15' lamp cord

Weight:
35.8 lbs.

Package Dimensions:
38.6L x 29.5W x 10.2H

Units/pallet:
10

Base Type:
Mogul (E39)

Bulb(s) Included?:
No

SKU: RP6AC

Price: \$200.24
