RAW MICROBES Bloom Stage, 2 oz

Model: hf-OG4100

RAW MICROBES Bloom Stage, 2 oz

Manufacturer: NPK Industries

Bloom Stage MICROBES are a specific group of beneficial bacteria and fungi formulated specially for the flowering/bloom stage of plants. This variety of microbes is designed to promote nutrient availability & plant protection during the bloom stage. Inoculate flowering and fruiting plants with the highest CFU's on the market! All RAW Microbes are double tested, both the individual culture/species as well as the final blend. We test twice to ensure accuracy and viability!
