Model: hf-HI1230B

Replacement probe for HI9026 (SPECIAL ORDER)

Manufacturer: Hanna Instruments

Hanna Instruments Replacement probe for HI9026 (HI1230B) (SPECIAL ORDER) This replacement probe supports the combination pH electrode for field applications.

The HI 9026 is an advanced pH/ORP meter specifically designed to provide affordable and very precise results under harsh industrial conditions. The meter features a backlit display for clear readings in the darkest environments.

When calibration is complete, the electrode condition is displayed, which indicates that the electrode is working properly and when it needs to be cleaned or replaced.
