Replacement QF Series Pruner Adjustment Key (Felco 2-30 Kit)

Model: QF2-30

Replacement QF Series Pruner Adjustment Key (Felco 2-30 Kit)

Manufacturer: Zenport

Replacement QF Series Pruner Adjustment Key (Felco 2-30 Kit) (QF2-30) Zenport QF2-30 QF Series Pruner Adjustment Key

Used for adjustment and maintenance of Zenport QF Series pruners. Just the right shape for tightening or loosening the center nut. The correct thickness for fitting the screw slots on older models. On newer models use the handy hexagon-shaped cut-outs for slip-free adjustment of all the nuts and bolts on your QF series pruner.

Available professional replacement parts are compatible in performance and design with equivalent Swiss industry standard models. specifications

Adjustment key (F2, F6, F7, F8, F9, F10, F11, F12, F13, F50, F51, F100, F20, F21, F22, F23, F200 and F210 series)
