Rock Resinator Heavy Yields 1L

Model: hf-GGRR1L

Rock Resinator Heavy Yields 1L

Manufacturer: HydroFarm

Rock Nutrients Rock Resinator Heavy Yields 1L (GGRR1L) Rock Resinator uses an extensive and complex combination of phosphorus and potassium designed to pack on extra size and weight. Rock Resinator contains citric metabolites to accelerate the kreb cycle to deliver consistent results in flower size, quantity and quality that has no rivals. Using the finest and most refined natural base elements and plant extracts ensures your favorite plants are given the best opportunity to develop to their full potential. Triple Action Technology - Rock Resinator uses the latest bio stimulant technology to accelerate flower formation and essential oil production with results that will rock your world!

Use Rock Resinator starting the second week of flowering through harvest at a rate of 4mL/1Gal for lower EC's and up to 8mL/1Gal for higher EC's. Shake well before use.
