Root Spa 5 Gal Bucket System

Model: hf-RS5GALSYS

Root Spa 5 Gal Bucket System

Manufacturer: HydroFarm

Root Spa Root Spa 5 Gal Bucket System (RS5GALSYS)The Root Spa is a Deep Water Culture system. This 5 gallon bucket system is so simple yet grows large plants efficiently. After a very short time, you will realize the advantage of the simplicity of this uniquely easy-to-use, inexpensive, and forgiving system! Pumping raw air into the nutrient solution, without the need of expensive and often troublesome air stones is not only cost effective, but your plants will also thrive!

- Water tight seal to guarantee no leaks
- 10" bucket basket to hold your choice of growing medium
- Multi-purpose air hose delivers air from the pump to the bottom of the bucket
- Air pump to oxygenate your water to encourage root growth
- ½" grommet fitting
- ½" elbow fitting
- ¼" black tubing

Clay pebble media sold separately

Praise for the Root Spa:

"It's easy to tell when your plants are supercharged. You don't need any fancy meter for that — it's visually apparent. Every time you open the door to your garden your plants almost roar at you! The speed of their development is shocking — even over a single day — they are visibly taller, fuller, bigger, and happier. I love it when my garden is cranking like this."
