ROOTS ORGANICS ANCIENT AMBER - 1 GALLON SIZE

Manufacturer: Aurora Innovations

Roots Organics Ancient Amber

ROOTS ANCIENT AMBER GALLONS 4/CS

Using a unique organic extraction method, our product has been targeted for low molecular weight which increases bio-availability and effectiveness to unparalleled levels. Fulvic acids are extremely effective chelating agents, facilitating the uptake of micro and macro nutrients, increasing resistance to stress, and boosting overall vigor, thereby producing larger, better quality harvests. Ancient Amber is compatible with any fertilizer program but is most effective when used as a foliar spray or in hydroponic systems.
