Sea Mag 15 gal.

Model: hf-HNS425

Sea Mag 15 gal.

Manufacturer: Humboldt Nutrients

Humboldt Nutrients Sea Mag 15 gal. (HNS425) Sea Mag 1-3-4
Humboldt Nutrients Sea Mag was designed in Humboldt County to be a powerful additive for
hydroponics and all growing mediums. Sea Mag may be utilized for any type of vegetable, flower or
herb.

Sea Mag is loaded with vital elements which help control cell division, cell growth, cell differentiation
and various internal processes.

Sea Mag can be used to supplement magnesium and to increase plant growth. Sea Mag
supercharges your plant, supplies crucial elements that plants require and prevents and
corrects potential nutrient deficiencies.

Sea Mag has been formulated by the Humboldt Nutrients chemists to have the correct nutrient ratios
that plants require at specific times during their growing and flowering cycles.

Using Sea Mag in addition to our complete nutrient feeding schedules provides excellent flower
production, heavy yields and high quality fruits.

DIRECTIONS: Soil Application: Apply 1-5 mL per gallon of water or fertilizer solution.

Hydroponics Application: Apply 2 mL per gallon of nutrient solution along with your base nutrients and
other additives.

Foliar Application: Apply 5-10 mL per gallon of finished spray solution. Agitate thoroughly and do not
spray in direct sunlight or H.I.D. light to avoid leaf burn. Apply every 1-2 weeks. Please
avoid storing in direct sunlight and protect from freezing.

DERIVED FROM: Ascophyllum Nodosum Seaweed, Phosphoric Acid and Magnesium Sulfate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS: 1% Humic Acid (derived From Leonardite.)
