Manufacturer: Zenport

ZL99 Tapener

Small ZenTapener. Easy, Simple Operation! Tie plants with the squeeze of your hand! Only one squeeze of the handle stretches the tape between the jaws ready to wrap around the plant stem and support. A second squeeze staples the tape firmly and cuts it off neatly. Device is then ready to continue tying. We also make parts/supplies for the ZenTapener. Can fit 1.5" stake in.

These are for tying plants to stakes, etc. Commonly used in vineyards and nurseries.
