For success with your plants, transport a plant out of the Smart Float tray -- with the plug still attached -- and replant in your preferred hydroponic system or soil. The growing need not stop there, you're now ready to start again. With one Smart Float tray, you can propagate an endless number of new plants, vegetables, and flowers. Plugs drop directly into their crevices in the tray. Purchase this bulk bag and get 55 plugs for a fresh start.
