Solar Gaia, 1 qt

Model: hf-CES3317

Solar Gaia, 1 qt

Manufacturer: Cutting Edge Solutions

Solar Gaia is an organic-based formulation of Humic compounds, utilized to facilitate fertilizer uptake, especially lower levels of Nitrogen in organic fertilizers. Solar Gaia is intended for use throughout the vegetative stage, and early flowering stage of growth. Used in conjunction with the Sonoma Gold line Solar Gaia insures that every bit of fertilizer is available for uptake by plants.
