Manufacturer: Sun System / Sunlight Supply

Tek-Light™ T5 HO Fluorescent Lighting Fixture
4 LAMP 24" 24W T5 TEKLIGHT BLA

High output lamps have an extremely high lumen per watt rating. $5,000 \text{ lumens per lamp} \div 54 \text{ watts} = 92.59 \text{ lumens/watt}$.

*Reference Point: a F40 cool white lamp: $1,260 \text{ lumens per lamp} \div 440 \text{ watts} = 31.5 \text{ lumens/watt}$

Lamps have very low heat factor which allows the fixture to be hung very close to plant canopy, thus raising light levels.

The Tek-Light's exclusive 9-bend reflector is made of 95% reflective German aluminum. Light output is 300% higher in our reflector vs. a lamp with no reflector.

Features a light-weight, rust proof aluminum body.

Major brand solid state electronic ballasts (no copper windings) do not emit heat, noise or vibration.

"Smart Volt®" ballasts can run on 120, 208, 240 & 277 volt input power.

Unique design places ballasts outside lamps (instead of above lamps as in competitive fixtures) for longer fixture life.

Backlit on/off switch.

Slotted and louvered for cool operation.
