SUN SYSTEM® TEK-LIGHT™ HO T5 - 46 FLUORESCENT LIGHTING FIXTURE 4' - 6 LAMP (48" L X 16" W X 2.5" H) (30,000 LUMENS)

Manufacturer: Sun System / Sunlight Supply

Sun System® Tek-Light™ T5 HO Fluorescent Lighting
TEK LIGHT T5 - 46 (4Ft - 6LAMP)

High output lamps have an extremely high lumen per watt rating. 5,000 lumens per lamp ÷ 54 watts = 92.59 lumens/watt.

*Reference Point: a F40 cool white lamp: 1,260 lumens per lamp 440 watts = 31.5 lumens/watt

Lamps have very low heat factor which allows the fixture to be hung very close to plant canopy, thus raising light levels.

The Tek-Light's exclusive 9-bend reflector is made of 95% reflective German aluminum. Light output is 300% higher in our reflector vs. a lamp with no reflector.

Features a light-weight, rust proof aluminum body.

Major brand solid state electronic ballasts (no copper windings) do not emit heat, noise or vibration.

"Smart Volt®" ballasts can run on 120, 208, 240 & 277 volt input power.

Unique design places ballasts outside lamps (instead of above lamps as in competitive fixtures) for longer fixture life.

Backlit on/off switch. Four, six and eight lamp model features two on/off switches to run a variety of lamp configurations if desired order item 960035, 960040 or 960045.

Slotted and louvered for cool operation.

Extra Shipping Box: As we all know, couriers can be very hard on freight. As a precautionary measure, we are offering our customers the option of purchasing these protective over wrap boxes. The boxes are 150 lb kraft (brown color). The idea is that when the order is shipping, the printed master carton is put inside this box. UPS/FedEx/USPS will inevitably scuff up the outer carton but when the printed master carton is removed from the over wrap box, it will look nice and new
