Sunmaster Full Nova 600W HPS/MH Convertible Universal

Manufacturer: SUNMASTER

SUNMASTER Full Nova Grow Lamps emit full spectrum light around 6000° Kelvin, imitating the natural look of daylight. The most full-rounded spectrum output lamp.

SUNMASTER Full Nova Metal Halide Lamps is the best in one lamp: the most objective measurement of total light energy available for photosynthesis. Optimized for use on electronic ballasts.

SUNMASTER Full Nova 6000K Lamps set new standards in general plant lighting, promoting high levels of photosynthesis without compromise.

- Pulse start lamp designed for electronic or pulse start ballasts only
- Full Spectrum - Closest to Sunlight
- One lamp does a complete job
- Balanced spectral output
- Long life

Please note: Full Nova Lamps are optimized for use on electronic or pulse start magnetic ballasts only

Price: \$61.47
