Sunshine Perlite #3, 4cf

Manufacturer: Sungro Horticulture Black Gold

SunGro Horticulture Sunshine Perlite #3, 4cf (SUGRPLITE) White perlite granules are the result of the expansion of combined water vaporizing in the crude mineral and forming enclosed air pockets. Because of the great quantity of air in these pockets, the product is very light and has excellent physical qualities for use in plant propagation. The physical properties of the product also further enhance its use in horticulture. It is inert, sterile, safe to handle and has no odor.
