Spicy little bright red peppers produced abundantly on lush plants. Many people find the Thai Pepper's fire addictive; you might too! They add zip and color to salsas, stir fries and ceviches. When chopped fine, they can replace cayenne where you want heat plus flavor. Be bold - try a little Thai pepper to accent vegetable dishes or steamed rice.

Includes• 3 Thai Pepper Seed Pods • 4 spacers to allow your pepper plants ample room to flourish and thrive

Works with the AeroGarden 7 pod unit (AERO500).
