TITAN CONTROLS® HELIOS 6™ - 8 LIGHT 240 V CONTROLLER W/NEMA# 5-15 OUTLETS

Model: 702672

TITAN CONTROLS® HELIOS 6™ - 8 LIGHT 240 V CONTROLLER W/NEMA# 5-15 OUTLETS

Manufacturer: Titan Controls

Helios 6

The US and Canadian ETL listed Helios 6 - 240 Volt eight (8) light controller will operate up to 8000 Watts of HID lighting. With two (2) relay trigger cords, you can run two separate lighting schedules (i.e. one 12 hour day and one 18 hour day) or run all 8 on the same schedule if you'd like. Durable and built to last, the Helios 6 is in a 20 gauge powder coated, steel chassis. Controllers created for years of service!

The Helios 6 controls up to eight 1000 Watt
HID lights at the same time

US and Canadian ETL listed for use in
commercial applications

Features premium quality Siemens brand relays

Step by step installation instructions are easy to follow

Dual 120 volt trigger cords allow the operator to stagger
lights or run two separate lighting schedules

3 screws in back panel make controller simple to wire into your
electrical panel

ETL/UL listed NEMA 6-15 outlets

Durable 20 gauge powder coated steel chassis

40 Amps/240 Volts/60 Hz./8000 Watts

3 year warranty

MSRP: \$274.95

Price: \$196.29
