Tomato: A guide to the pleasures of choosing, growing, and cooking

Model: hf-BKTOM

Tomato: A guide to the pleasures of choosing, growing, and cooking

Manufacturer: HydroFarm

Tomato: A guide to the pleasures of choosing, growing, and cooking (BKTOM) Which are the most reliable varieties for a bumper crop? What does it mean when the leaves curl? Will my tomatoes ripen if they are still green when frost is due? For questions on any tomato-related topic, all the answers are in this book. Tomato selects 160 of the world's best varieties to grow and provides recipes and preserving ideas for enjoying the fruits of your labor. This is the true tomato lover's indispensable companion.
