

Tomato & Vegetable Insect Killer 32oz

Model: hf-SF5085

Tomato & Vegetable Insect Killer 32oz

Manufacturer: Safer brand

Safer Tomato & Vegetable Insect Killer 32oz (SF5085) The Safer® Tomato and Vegetable Insect Killer combines the effectiveness of pyrethrins and potassium salts of fatty acids and kills on contact but does not harm your plants! The pyrethrins attack the insect's nervous system and potassium salts weaken the insect's protective outer shell, adding up to a lethal insect killer!

The ability to use this product on tomatoes and a wide array of other vegetables offers the most economical and convenient solution to garden annoyances available on the market! OMRI Listed® and compliant for use in organic gardening.

What it kills?

Aphids, asparagus beetles, bean beetles, cabbage loopers, caterpillars, colorado potato beetles, cucumber beetles, diamond backed moth, flea beetles, imported cabbageworm, leafhoppers, plant bugs, tomato hornworm and whiteflies.

Where to use it?

Asparagus, beans, broccoli, brussel sprouts, cabbage, cauliflower, cucumbers, eggplant, herbs, kale, lettuce, peppers, potatoes, squash, tomatoes
