Ushio HiLUX GRO Super Double-Ended High Pressure Sodium (HPS) Lamp, 1000W

Model: hf-US5002272

Ushio HiLUX GRO Super Double-Ended High Pressure Sodium (HPS) Lamp, 1000W

Manufacturer: USHIO

USHIO introduces the new Super High Pressure Sodium Double Ended lamp to its HiLUX GRO lamp series. The HiLUX GRO series is a full line of professional grade horticulture lamps that use super high output lamp technology to achieve maximum vegetative growth and maximum flower yield. The lamps are designed to assure consistency in quality and optimized for high performance.

US5002272 - PAR=1950 micromol/s

Features

High red and blue spectral ratios for good photosynthesis efficiency

Great lumen output for high PAR values

Robust plants through high blue light output

High red light ratio for healthy plant growth

Economic lighting choice (long average life, high lumen output, low energy consumption)

Tubular low profile design for compact fixtures

Made in Germany and engineered in a ISO9001 certified facility

Price: \$80.30
