Vegamatrix Bloom, 5 gal

Manufacturer: -

Vegamatrix Bloom is formulated to be a complete plant food. It is designed with flowering, fruiting and budding plants in mind. Combining Vegamatrix Bloom with Boost & Grow will enhance its effectiveness. Different ratios of Grow, Bloom and Boost can be used to grow an extremely wide variety of plants, including ornamentals, vegetables, trees, shrubs and medicinal crops. The combination of our natural veganic ingredients makes it almost non-burning even at extremely high doses.
