VermiWorm Premium Worm Castings .75 cf

Manufacturer: Vermicorp Organics

Vermicorp VermiWorm Premium Worm Castings .75 cf (VCWORM) VermiWorm™ Premium Worm Castings are created by Red Wigglers; these are pure Eisenia Fetida castings. They are farmed organically in California by agriculturists who truly care about what they do. VermiWorms are fed a specific diet of organic matter containing no manures or chemicals. With the correct food sources and the removal of competing pathogens, the earthworms can digest and excrete higher levels of beneficial biology. VermiWorm can be used as a soil conditioner for any natural potting soil and as a primary ingredient in compost tea.

• Optimize soil life for plant vigor
• Increase available food resources
• Above average levels of active bacteria, fungi and protozoa
• Produce amazing qualities of taste, smell and nutrition in your fruits, veggies and herbs
• Re-energize depleted soils
