Vortex S Line S-600 6 in Fan 347 CFM

Manufacturer: -

Atmosphere Vortex Powerfans S-Line

The S-line is a revolutionary series of fans that combine energy efficiency, ultra-quiet operations and a collection of advanced technologies that deliver unparalleled performances. An extremely energy efficient AC brushless motor powers the patented mixed-flow dual impellers. Built with double insulated walls, noise is reduced to levels that were previously thought to be unattainable. All S-Line models are assembled with high impact resistant polycarbonate casings, an integrated back draft damper and a mounting bracket designed for quick and easy installation. The S-Line models feature a 10 year warranty.

Features:

- Housing made of Polycarbonate – high temperature and impact resistance
- Rubber gaskets – tight and vibration free assembly
- Double insulated walls – preventing condensation and reducing noise level
- Mix Flow impeller – higher CFM's and lower noise level
- Internal impeller – cooler motor operation to increase the life of the motor
- Integrated Back Draft Damper – preventing air leakage
- Motor – high quality Class F motor with permanently lubricated ball bearings
- Low profile – allows installation in small spaces

Technical Specifications:

#736708 - 347 CFM • 66 watts • 120V • 60Hz • 4.9 CFM per watt

#736712 - 728 CFM • 232 watts • 120V 60Hz • 3.14 CFM per watt

Price: \$137.33
