WaterFarm Module w/ Farm Kit

Model: eco-4742

WaterFarm Module w/ Farm Kit

Manufacturer: General Hydroponics

WaterFarm Module w/ Farm Kit (eco-4742)WaterFarm Module w/ Farm KitNOT COMPLETE w/ Hydroton & Pump

The WaterFarm is built with high-impact plastic to assure a long service life. The WaterFarm's unique square design allows growers to closely pack WaterFarm units to create large, high-density installations. The WaterFarm will grow small, medium, and large plants. With its large water capacity and low water requirements, the WaterFarm is simple and efficient. Offering the features of larger systems at a lower cost without sacrificing quality or performance, the WaterFarm is seen as one of our very best buys.

WaterFarm Complete

General Hydroponics WaterFarm Drip Hydroponic System - This drip system comes in two forms, complete and modular. The complete WaterFarm comes with reservoir, growing chamber, fittings, pump, hydroton and 3-part Flora Kit. The modular unit comes without the Drain Level Tube, pump, hydroton and Flora kit, but is designed for multiple use with a controller.

SKU: GH4110

Weight: 1.5 lbs.
