Zenport Q140DX Top Quality Twin Blade Trimming Shears

Model: Q140DX

Zenport Q140DX Top Quality Twin Blade Trimming Shears

Manufacturer: Zenport

Zenport Q140DX Top Quality Twin Blade Trimming Shears (Q140DX) Zenport Q140DX Multipurpose Q Series 140DX Hoof Trimming Shear

Zenport Q140DX Multipurpose Q Series 140DX Hoof Trimming Shear. Regarded as the gold standard tool for trimming goat and sheep hooves.

Gently rounded tips make cleaning manure from hooves a lower risk of injury to you or the animal.

Lightweight multi-purpose shears are great for all your pruning needs. The long straight blade is perfect for thin stems, leaves, and grasses.

Use these wherever powerful scissor action is needed. The precision ground blades are Marquenched hardened for the best steel structure and durable cutting performance.

Hard chrome plating provides extra tough, rust-resistance, wipe-clean blades. The non-slip lightweight grips fit comfortably into the hand and help prevent fatigue.
