

ZOOPLANKTOS-S 250ML 12/CS

Model: 731392

ZOOPLANKTOS-S 250ML 12/CS

Manufacturer: -

Zooplanktos S

Provides zooplankton and fully-digestible, unhatched eggs ranging in size from 50 - 300µm.

Ideally-sized for many stony corals, clams, sponges, tunicates, tube worms, larval crustaceans, juvenile fishes, and adult planktivorous and microinvertebrate-predatory fishes.

Formulated to provide over four-thousand prey per ml.

Does not require refrigeration.

Supplemented with a proprietary amino acid to aid in coloration of invertebrates and fishes.

Formulated by a marine scientist.

Price: \$14.32
